## Notice for Product Discontinuation

Dear Customer,

This letter serves as formal announcement that Dausinger+Giesen GmbH will discontinue the following Thin Disk component as of June 30th, 2023.

Our intent is to accept orders for the part until the discontinue date and afterwards until the end of 2023 or the corresponding parts in stock and assembly tools to deplete, whichever comes first, we will serve reworking the product in the case of the damage occurred during the laser operation or the handling. For the suggested replacement, please contact your distributor.

Discontinued Part: TD12-7-215-HD (CuW heatsink type)

Suggested replacement: TD12-7+(+) (diamond heatsink type)

\*The possibility of the alternation depends on the design generation of TDM1.0.

D+G appreciates and values our business relationship and looks forward to your continued interest in our products. While we regret any inconvenience this announcement may cause, we would like to supply your future product requirement with our advanced technology products.

Best regards,

Tetsumi Sumiyoshi  
Sales Manager
